LITHUANIAN SSR REORGANIZED INTO OBLASTS AND RAYONS

The territorial-administrative setups in both Latvia and Lithuania have within the past year been converted to conform to the rest of the USSR. The uyezds and volost's, which were formerly typical of the Western USSR, have been reorganized into oblasts and rayons. Estonia, the only remaining Soviet republic to retain uyezds and volost's, was also converted by a 26 September 1950 ukase of the Presidium, Supreme Soviet Estonian SSR. The ukase for the territorial-administrative reorganization of the Lithuaninan SSR is given in full below.

On 20 June 1950, the Presidium, Supreme Soviet Lithuanian SSR, in Vil'nyus issued an ukase concerning the territorial-administrative division of the Lithuanian SSR. On the basis of point b, Article 19, of the Constitution of the Lithuanian SSR, the Presidium decreed that:

A. Four oblasts and 87 rural rayons are to be formed as follows:

1. Vil'nyus Oblast
